Newsletter for Spirings Liquor Outlet

Issue 24, January 2007

Dear Valued Customers,

Our next Family Card Weekend will be **January 25th, 26th, and 27th**. Family Card members receive 15% off all non-sale wines and liquors. Beer remains at 5% off, and there is no discount on kegs or cigarettes. No rain checks; no exceptions. Remember that you must be registered at SLO to receive the Family Card Discount. Discounts from other stores will not be honored. Please have your I.D. ready when using credit card. We are protecting your identity. Also, a reminder that as of January 1st, 2007, we no longer except checks.

"We'll Leave the Cooler on for You." - **The SLO Staff**

The staff at Spirings Liquor Outlet truly appreciates your business. It has been another record year for us because of all of YOU! Next time you are in the store, please let one of the staff know what we can do to make your shopping experience more enjoyable. We know the only thing different between one liquor store and the other is SERVICE. We strive to give you the service you deserve while shopping at Spirings Liquor Outlet.

We hope with all the items on 20% off this month that we have touched everyone's palate. This month's specials are a little different, since there are specials only on certain varietals of a brand. It may be a bit confusing, so bare with us. The only items on sale are those specifically listed within the newsletter. If you have any questions, please feel free to ask anyone on the Spirings Liquor Outlet staff for help.

Please send us your email address so we can get this and all specials out to you before the U.S. Post Office mail. We will not send junk mail, only newsletters or specials every month. We will not sell or give your email address to third parties. Many people only want the email letter instead of the Post Office letter, and that can be done.

Once again, thank you for choosing Spirings Liquor Outlet for all of your beverage needs!

"We'll Leave the Cooler on for You." - **SLO Staff**

Cans can be better

Oskar Blues Brewery, makers of the Dale's Pale Ale, Old Chub, a strong Scottish Ale, and Gordon beer, are canning not bottling. Oskar Blues is leading the way showing consumers that good, I mean GOOD, micro brews can come in a can. Among the numerous awards and accolades, The New York Times picked Dale's as the best among a group of 25 Pale Ales. Now why are cans better? Cans keep out 100% of UV light, so they won't get lightstruck and skunk. Lower oxygen levels means less oxidation (which makes beer taste like cardboard), and gives longer shelf life. Cans take less time to get cool enough to drink. Unlike bottles, cans won't break when you're hit by them... Cans are easier to recycle than bottles. And cans are acceptable at lots of places where bottles are not permitted, like airplanes, beaches, golf courses, stadiums, concerts, swimming pools, and marinas. Dale's Pale Ale and Old Chub are currently on sale, and stop by on January 26th for free samples!

SPIKE – Another energy drink? Hardly, this one might be the Granddaddy of them all. Made by Biotest, headquartered in Colorado Springs, the company claims Spike will give six times the boost compared to their competition. It comes with a warning label and recommended use: "Begin use with one-half can to determine tolerance. Do not exceed two cans daily. Do not consume more than one can in a four-hour period. Do not consume on an empty stomach." Try it yourself and see if the hype is true. Free sample during live radio promo on Friday, January 26th, right here at Springs Liquor Outlet.
